IBNU ALIF MUHADZDZIB WIDANTO

Consomeatsky ibnuformal@gmail.com Ibnu Alif Muhadzdzib +62 813-2409-0457

Indonesia, West Java, Bekasi, 17510

Multidisciplinary Digital Creator with 1 year of programming experience, 4 years in video and content editing, and 1 year in graphic design. Proficient in building responsive and interactive web applications using modern technologies such as JavaScript, HTML/CSS, and RESTful APIs. Experienced in using editing tools like Adobe Premiere Pro and After Effects to produce high-quality multimedia content, as well as design tools like Adobe Photoshop and Figma for creating visually compelling assets. Combines technical problem-solving skills with a creative eye for detail, resulting in well-rounded digital solutions. Eager to contribute to dynamic teams and continue growing across the fields of software development, visual storytelling, and design.
